BOARD MEMBERS

Yusef Freeman

We are deeply grateful to you for creating a better future for the youth of Oakland, their families, and our community. Your generous contribution of \$9,125 for various scholarships to East Bay College Fund will support low-income, high-potential students to access and graduate from college. *A college degree remains the critical tool in breaking the cycle of inter-generational poverty; your gift offers hope not only to today's youth but to future generations as well.*

Andy Fremder

You gave MORE than a scholarship. That's why it works.

Barb Fremder

The secret to our outstanding 80% graduation rate, four times the national average for this demographic, is a model we've been perfecting for over a decade that links financial assistance with intensive support services. These include individual mentors, on-going counseling, peer mentoring support groups, and life skills training through graduation.

Richard Gilbert

Donors like you allow us to create pathways into and through college for Oakland students.
