Dear Dorothy,

Miss Ella Jo Baker once said, *"Politics are only as important as the real human beings with and for whom we struggle."*

So, thank you for standing with the Ella Baker Center and our people in our communities who seek safe and healthy neighborhoods, quality education for all our children and the ability to thrive—even in a tough economy.

The Graham Family Foundation's gift helps the Ella Baker Center as we work alongside our allies to build the leadership and solidarity of families who worry every day about our children's safety, who are desperate to keep food on the table and get polluters out of our neighborhoods.

Our upcoming events include the 2012 Ella Awards ***Unbreakable: Solidarity in Action***, held at the Scottish Rite Center on September 13<sup>th</sup>. This year we are honoring three change-makers of our time: Father Greg Boyle, Rinku Sen, and Mujeres Unidas y Activas. Our Van Jones Scholar is Dion Cambell, a former Heal the Streets youth. In addition to celebrating these leaders in social change, we invite you to join us for a special reception with co-founder Van Jones. Please visit <http://ellabakercenter.org/the-2012-ellas> for more information and to purchase tickets.

On behalf of all of us at the Ella Baker Center, thank you!

Forward ever,

Jakada Imani  
Executive Director
