Dear Dorothy,

Graham Family Foundation is critical to our lifesaving mission, because what we do at North Shore Animal League America is neither small nor easy and your support helps us meet our mission. Every day, we transform lives, turning discarded, unwanted dogs, cats, puppies, and kittens into treasured companions. That's why your \$20,000 contribution means so much to us and to the animals we save. We thank you most sincerely for your generosity to our programs spanning generations to ensure that pets get adopted and that they are they receive medical care when needed in their later years.

The Olga Graham Fund is an important resource to ensure that care is provided to senior pets who have been adopted by senior citizens. The \$10,000 replenishment of the fund allows us to continue to encourage people to get the lifesaving treatments to ensure the health of their pets. You are making it possible for senior citizens to experience the joy and health benefits of having a pet and should be so proud to be impacting people and animals. And, now, with a \$10,000 gift for the Mutt-i-grees® Curriculum, you are also helping mold the mindset of the next generation of adopters and policy makers. We will enhance our presence at all-important conferences to disseminate information about our character development, humane education program. Additionally, your gift will allow for improvements to our website and the materials used for teacher and librarian professional development. I will keep you apprised on our progress and usage of the funds.

Your support makes lifesaving transformations. So on the behalf of countless cats and kittens along with the canine counterparts, we thank you for your generous donation and continued support. We are honored to count you among our friends.

Sincerely,

A handwritten signature in cursive script that reads "Diana".
