Dear Dorothy

This letter is to acknowledge the Graham Family Foundation's donation to Berkeley Place, Inc. on March 24, 2023 in the amount of \$20,000, paid by check #465. No goods or services were exchanged for this donation.

For the past 51 years, Berkeley Place has provided residential treatment following psychiatric hospitalization in a supportive community environment. The grant by Graham Family Foundation will enable us to license and reopen our residence, Casa de la Vida, in a new location following loss of our prior residence in a fire. Berkeley Place is the only long term licensed residential treatment in Alameda County.

We are so grateful for your support at this most critical moment in our long history, by providing funds needed to bridge the gap until we can reopen and begin receiving clients again.

Thanks so much.

Sincerely,
