Dear Dorothy and Rick,

We are writing to express our deep gratitude to the Graham Family Foundation for a grant of \$17,000 to Not In Our School for your current fiscal year ending 8/31/23.

Our work to engage students and educators in addressing antisemitism, hate and bias is both urgent and timely. We appreciate your support for dissemination of our new film, *Repairing the World: Stories From the Tree of Life* to public schools. We are already seeing remarkable responses to the film. With this grant, we will be able to create new assets for teachers and students that help them explore the issues raised in the film.

The grant from the Foundation will also support deeper engagement with teachers through the NIOS free interactive professional development workshop series. We look forward to sharing results from new teachers who become involved this year. We have our eyes on outreach to schools and teachers who may not receive regular professional development opportunities in this topic area.

We continue to be buoyed by your support, and grateful for the assets we have been able to assemble for Not In Our School because of grants from The Graham Family Foundation.

Thank you again! We look forward to successful actions and impact in the coming months, and look forward to your ongoing advice and support.

Thank you for giving meaning to our message: **We Can Stop Hate, Together.**

Sincerely,
