Graham Family Foundation  
544 61<sup>st</sup> Street  
Oakland, CA 94609

Dear Dorothy,

My sincere thanks to you, Richard, and the Graham Family Foundation for your generous support of Dr. Alex Herrera at City of Hope. The Foundation's grant will advance Dr. Herrera's research in relapsed and refractory Hodgkin's Lymphoma. As agreed, the funds will not be tied to any specific trial and, where possible, will reflect a preference for research dedicated to the foundation's highest priority areas:

- Treatments for people who have gone through auto SCT and relapsed- alternatives to Allo SCT.
- Improved maintenance therapies after auto SCT to prevent relapse.

We gratefully acknowledge the Foundation's gift of \$20,000 and confirm that no goods or services were provided in exchange for this award.

This grant enables City of Hope to deliver on our mission of transforming the future of cancer care. Our progress is driven by innovation and scientific advancement, and philanthropic supporters like you play a critical role in making all breakthroughs possible. We are grateful for your generosity which leads to pioneering therapies, exciting discoveries and better health outcomes for patients. We could not do this important work without you.

On behalf of our researchers, physicians, and most importantly, those we serve, thank you. You are truly making a difference in so many lives. If you have any questions, please reach out to me directly at [jcagigas@coh.org](mailto:jcagigas@coh.org) or (626) 205-0358.

With gratitude,
